Dr. Perguiseppo Perazzini
Casa di Cura San Francesco
Via Monte Ortigara, 21
37127 Verona 20020
Italy

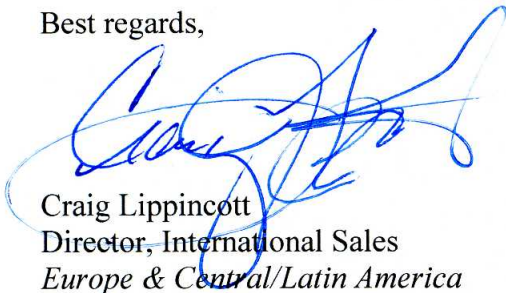

Fort Lauderdale (USA), 21. February 2013

Dear Dr. Perazzini:

MAKO Surgical Corp. is happy to name you as the first official MAKOpasty® Partial Knee Arthroplasty Training Center in Europe. The education of surgeons on the technique is enhanced by the proctoring of knowledgeable and experienced users of the RIO® and RESTORIS® MCK implant family. Your demonstrated expertise in patient selection, surgical technique and post-operative care will aid the surgeons, who are brought to Casa di Cura San Francesco to learn the MAKOpasty® partial knee surgical protocol.

We appreciate your willingness to help educate surgeons on the benefits and technique for partial knee replacement with the RIO® system. We look forward to our future cooperation in the area of training and education.

Best regards,

Craig Lippincott
Director, International Sales
Europe & Central/Latin America
