Doctors are consultants of Stryker Orthopaedics. The opinions expressed by the Doctors are those of the Doctors and not necessarily those of Stryker. Individual experiences may vary. The material presented is intended for educational purposes only. A surgeon must always rely on his or her own professional clinical judgment when deciding whether to use a particular product when treating a particular patient. Stryker does not dispense medical advice and recommends that surgeons be trained in the use of any particular product before using it in surgery. The information presented is intended to demonstrate the breadth of Stryker's product offerings. A surgeon must always refer to the package insert, product label and/or instructions for use before using any of Stryker's products. The products depicted are CE marked according to the Medical Device Directive 93/42/EEC. Products may not be available in all markets because product availability is subject to the regulatory and/or medical practices in individual markets. Please contact your sales representative if you have questions about the availability of products in your area. Stryker Corporation or its divisions or other corporate affiliated entities own, use or have applied for the following trademarks or service marks: Exeter, Mako, SOMA, Stryker, Triathlon, Trident II, Tritanium, Restoration Anatomic Shell. All other trademarks are trademarks of their respective owners or holders.
